

Chamber News

As we come to the end of November, it's natural for our thoughts to go to the many reasons we have to be thankful.

November marks my 7th month as the Director of the Euclid Chamber. To be honest, I never imagined being in this position but I have to admit, I love it! There has been a lot to learn over a very short period of time and I continue to learn every day. And that recognizing that fact causes a sincere desire to express my gratitude.

I am grateful to my Board of Trustees that have been supportive, encouraging and helpful. Many of them are new to this board and bring unique and valuable talents and gifts that they are willing to share.

I want to especially express my thanks to my Executive Committee. Tami Honkala, past Chairperson of the Board is always there to answer my questions and there have been many! Laura Kidder our Treasurer has worked tirelessly to make sure our books are in order and Tina Dick, our current Chairperson is a true joy to work with offering suggestions and a setting a positive path for the future of the Chamber. Without the support and hard work of the board, the chamber would not exist.

Besides my board, I am also grateful for the administration of the City of Euclid. Many people think that the Chamber is part of the city and that I work for the city. The Chamber is a separate entity from the city, however we work closely together.

Mayor Gail and the City of Euclid have been and continue to be great Chamber Partners. A perfect example was their tremendous support and promotion of Restaurant Week. Allison Lukacsy-Love, Director of the Planning and Development Department is a Chamber board member. Callie Cripps, Economic Development Manager has also been extremely helpful. I look forward to the exciting possibilities the future holds for the City and the Chamber.

This year take some of the planning out of the holidays and join the Chamber's Holiday Party. Great facility, great food and the best people! Call Dana Heil at 216-731-9322 to reserve your table(s).

Bright Star Award

On October 28th, 2021 the Euclid Chamber of Commerce had the pleasure of recognizing one of our own at the Bright Star Award hosted by NOACC, the Northern Ohio Area Chambers of Commerce. NOACC is a group of more than 125 Chambers and has more than 30,000 businesses that take advantage of the many benefits they provide, including some Euclid Chamber members.

Our Bright Star Award recipient this year is John Copic. John is an amazing asset to the Euclid Chamber of Commerce and the city of Euclid. He is one of our most active board members, assisting with recruiting members, encouraging members to renew their membership and marketing the chamber and chamber events. John is always on, consistently promoting the Chamber and the City of Euclid. He presented the idea for Restaurant Week as a replacement for Taste of Euclid and then tirelessly visited businesses, inviting them to join the Chamber and participate in the event.

John has lots of great ideas and we can't wait to see what he comes up with next. Congratulations John!

Upcoming Events

The Euclid Chamber of Commerce participated in a Workforce Development Workshop at Tri-C's Transportation Innovation Center that was organized by the City of Euclid.

The Euclid Chamber of Commerce is happy to announce that we have joined Power a Clean Future Ohio. (PCFO). PCFO is an expansive, diverse coalition engaging with cities and local governments across the state of Ohio to build a clean future for our communities. Power A Clean Future Ohio is empowering local leaders with tools and resources to create carbon reduction plans and implement them in ways that are achievable, measurable, equitable, and economical.

In addition we have joined Chambers for Innovation and Clean Energy. Chambers for Innovation and Clean Energy (CICE) is a nationwide network of 1,300 chambers of commerce and economic development organizations. Created and led by chamber executives, CICE works with these associations to amplify and advance the clean energy economy, while highlighting business leadership in the areas of clean energy, climate action, and resilience.

In Euclid, we live on the shore of one of our country's most valuable resources. It is essential that we commit to doing business in a way that protects our environment as well as provides good paying jobs. See what the city has to say about partnering with PCFO:
